

Pupil Voice Comments About PE and After School Sports.

Curriculum PE:-

What I like about PE:-

I like the variety of things we do each half term, using the equipment and the opportunities to showcase what we can do.

I like practising our ball skills and using different equipment.

I like the floor work and using the apparatus in gymnastics.

I like the warm up games and the different sports we do.

We get to learn a lot of new things. We get to play sports and compete in games without leaving the school grounds.

We get to work together in teams and make new friends.

What I have learnt in PE:-

I have learnt skills for playing hockey, catching and throwing, marking and defending and symmetrical balances in gymnastics.

I have learnt different ball skills and different ways of moving on our hands and feet.

Different stretches and how to stretch your body.

We have learnt attacking, passing and dribbling.

We have learnt how to use equipment properly and safely; how to pass accurately and correctly; how to improve; how to use the right techniques and that it is not all about winning, but being a good sport.

We have learnt how to play hockey, basketball and handball and how to make different shapes in gymnastics.

I have learnt backwards passing in rugby; balances in gymnastics and how to become more confident when jumping off the equipment. Also the importance of agility.

Different rolls and jumps.

We have learnt cricket, football, rounders & tennis.

I am better at passing and turning with a football. I am better at hitting a ball with a bat, bowling, fielding, sprinting catching and tackling.

I am more co-ordinated and better at dribbling.

I have learnt how to control a ball and block it in cricket.

We know rules for new sports.

I have learnt how to make muscles stronger and how they get stronger through repetition.

How to do exercises and stretches properly.

How to handstand in a crab; how to do different kinds of rolls and what points and patches are.

Doing a front and back roll; balances, shapes and exercise.

Mats aren't used for safety.

Any other comments:-

We love PE!

We would like to do more PE and have longer lessons!

It's fun!

Extra-Curricular Sports:-

95% of children said that lunchtimes were fun and there was loads to do.

We love taking part in after-school sports – you get to compete in lots of different sports and play matches against other schools.

I have won lots of medals at different competitions.

I love it when we get to miss lessons to go to competitions during the school day.
