

Weekly News

Friday 10th October 2025

It has been another busy and productive week in school. It was wonderful to welcome so many families for our parents' meetings and to share the fantastic progress the children are making.

Next week, we'll be hosting further parent workshops to share how we can continue working in partnership to support your child's learning. Join us to learn more about how we teach Reading, Writing and Maths:

Thursday 16th October at 9:00am : Y3 and Y4 parents

Friday 17th October at 9:00am : Y1 and Y2 parents

We hope to see as many of you as possible at these sessions.

Thank you, as always, for your ongoing support!

Headteacher Award Winners

Nursery	Allie and Edie-Mae
Reception	Ludo and Matilda
Year 1	Taylor
Year 2	Raffy and Alba
Year 3	Otis and Keane
Year 4	Roshitha
Year 5	Mateo and Marley
Year 6	Freya and Mayssaa

POLITE NOTICE

To keep our children and families safe please park safely and politely on the roads surrounding our school. We have been informed that parking is becoming increasingly unsafe.

To ease congestion and to support safety, we strongly encourage car users to consider if they can walk to school. Thank you.

EYFS

We've had a super week in Nursery. On Monday, we enjoyed our colour day where we read the story 'mixed' and took part in some colour mixing activities in the water and paint. We also loved eating an array of rainbow fruits for snack time. In the afternoon, we showed great curiosity with our skittles experiment and made and decorated coloured hats.

This week we have been reading the story Goldilocks and enjoyed making porridge too. Another fantastic week in Nursery. Well done everyone.

Reception have had a wonderful week! We especially enjoyed our special Colour Day. We loved dressing in a rainbow of colours, tasting fruits, mixing colour paints, taking part in a colour experiment with skittles, and lots of arts and crafts! We have learnt four more phase 2 sounds, and have been practising our letter formation also, carefully putting our letters on the line. A fabulous week, Reception!

Key Stage 1

Year 1

This week Year 1 have been busy learning new prayers. We know October is dedicated to the Holy Rosary and the month of our St Mary. We have been learning Our Father, Hail Mary and Glory Be. We have also started making our lanterns using willow from the help of Jane.

Year 2

This week, Year 2 have really enjoyed exploring habitats in science. We created our own rock pool habitat in the classroom and created our own creatures to live in it! We have also been taking part in the Holy Rosary challenge every we day where we take 5 minutes out of our day to pray. In English this week we wrote some fabulous information reports about bears...we can't wait to share them with you!

Keep up to date with what is going on in school

Lower Key Stage 2

The children in Year 3 have had another brilliant week! In Maths, they have been adding and subtracting ones to 3 digit numbers using partitioning to add one part of the amount to get to the next ten and then adding on the other part. In English, they have been using conjunctions to draw comparisons between their life and the Stone Age boy's life in the story. This week in History, the children enjoyed sorting statements into a human Venn diagram when comparing the Stone Age with the Iron Age.

Year 4

What a week!

This week in Year 4 we have completed an investigation into changing states of materials. We had a great time melting chocolate and watching it turn from a solid into a liquid.

We have also written some amazing character descriptions keeping the story moving as we describe the characters using features like similes and alliteration .

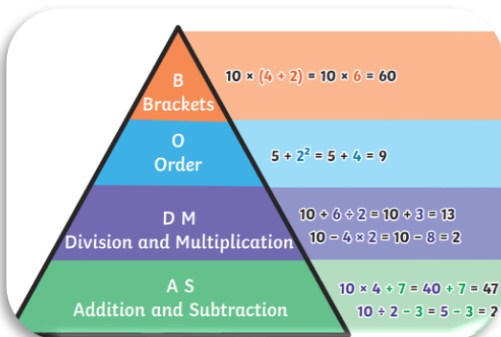

Upper Key Stage 2

Year Five

It has been a week full of discovery and curiosity in Year Five! In English, we became investigators, examining picture evidence from NASA and NACA. We worked together to decide which organisation each picture might belong to, then discussed what made them unique and how they were similar.

In Science, we explored the properties of materials and thought carefully about what makes each one suitable for its purpose. The children have also continued to show fantastic teamwork and determination during their gymnastics lessons!

A brilliant week, Year Five - well done!

Year six

What a week it has been, full of challenges and achievements! In maths, we've tackled long division and got to grips with BODMAS—everyone's really stepping up! Our art lessons have been a blast too, as we experimented with different grades of pencils, enhancing our drawing skills. In English, we've focused on being precise with our punctuation while using subordinate clauses, and I must say, the progress is impressive. Our research into the lives of evacuees during World War II has sparked some fascinating discussions. And let's not forget our excitement about the upcoming PGL trip—fingers crossed for lovely weather!
