Weekly News

Friday 27th June 2025

It has been a fabulous week both in and out of school, with trips to The Bridgewater Hall, Arley Hall, and an amazing Summer Rock concert. Thank you all for your kind donations towards our Summer Fest, you're in for a real treat! The children have been learning some wonderful songs for us all to sing along to...we can't wait! Have a lovely weekend!

Headteacher Award Winners

Nursery	Usman and Cleo
Reception	Thea and Jesse
Year 1	Maisie and Sam
Year 2	Hassan & Oscar
Year 3	Finn
Year 4	Hafsa and Lena
Year 5	Eleanor and Milo
Year 6	Luca and Ellie-Ava

EYFS

This week in Nursery we have been busy practicing our assembly ready for next week.

The children have been using the microphone to say their words and have been singing the songs beautifully. We can't wait to perform next week.

In math, we have been consolidating our number recognition using our number fans and then counted out different numbers of cubes to make beanstalks describing how tall and short they were. We also enjoyed some muddy sessions in our Let's explore area!

This week in Reception we have celebrated multi-faiths week by exploring the religion of Islam. Miss Sam spoke to us about Islam and the traditions and customs. She also taught us the Arabic alphabet and taught us some Arabic words. We looked at a prayer mat and she showed us how Muslims across the world pray. We have also been practising for our special graduation assembly. The children have been singing beautifully and have learnt their lines so well! We are so proud of them all!

Key Stage 1

Year 1

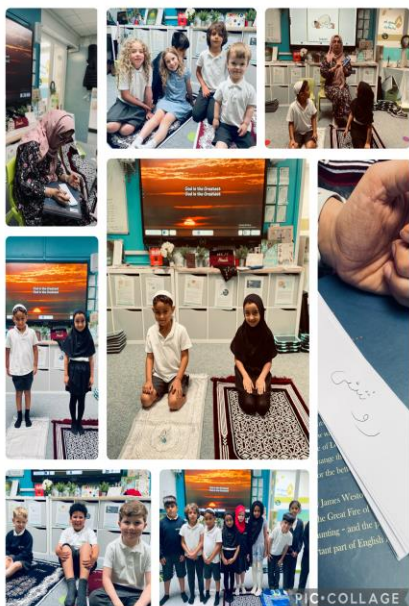

This week in Year 1 we have been looking at Victorian Toys. We tried different toys and compared them to our toys. Some of us liked them and some of us thought they were nice, but got a little boring after a short time. We know we are very lucky the amount of toys we have, because Victorian children might have only had one or some children had none.

PIC-COLLAGE

Year 2

Year 2, were immersed in this weeks 'Other Faiths' week, focusing on Islam. We had an enlightening talk, from Ms. Bibi in Year 2, exploring the 5 pillars of Islam, and the importance of prayer. The class were able to share their own values and feelings about faith.

Keep up to date with what is going on in school

Lower Key Stage 2

Year 3

Last week, we had some very special visitors come into school to help us with our DT learning! A team from McVities came over to help us learn all about the history of the Penguin biscuit and we got to make our own along with some Jaffa Cakes too!

The children absolutely loved this activity. Huge thank you to McVities for coming into school!

Year 4 has had a great week. We have been learning about different types of angles in math's and different types of quadrilaterals and how to identify them and make comparisons between them. We have finished reading 'The Baker By The Sea' and have written a promotional blurb. We are also planning our tourist brochure to attract visitors to the charming seaside village. We have continued our science experiments and recording some fascinating results for our eggs. Ask us which liquid had the most damaging effect on the eggshell. You might be surprised!

Upper Key Stage 2

Year 5

We had another fantastic trip to Bridgewater House this week to take part in the annual Big Sing! For a couple of hours, we became true popstars - singing our hearts out and enjoying the joy of music together. It was a brilliant experience, and we're already looking forward to next year! Back in the classroom, our learning has been just as exciting.

In Maths, we explored the world of 3D shapes, examining their properties before drawing our own.

In Design & Technology (DT), the children investigated bridge mechanisms, discovering how different structures are designed for strength and movement.

In English, we wrapped up our story Children of the Benin Kingdom and are now shifting our focus to writing informative reports on the Benin Kingdom. Another super week!

Year 6

We have had a great week in year 6, kickstarted with a trip to the Bridgewater Hall for the Big Sing. We danced and sang along to one hit wonders from years gone by. It was a brilliant experience.

Back in school, we had a movement workshop where we experienced capoeira dancing and yoga before working together to make shapes. It was great to experience new types of exercise and see the children challenge themselves to try new things.
